**FOUNDED:** 1971, by Stuart Smith

**MANAGEMENT:** Stuart A. Smith, Managing Partner, Enologist  
Charles F. Smith III, Winemaker  
Sam Smith, Assistant Winemaker

**MOUNTAIN:  
VINEYARDS** The vineyards sit at elevations between 1,300 and  
2,000 feet, on steep slopes which range up to 34%.

**ESTATE:** All wines made entirely from the winery's estate vineyards  
surrounding the winery on top of Spring Mountain in the Napa  
Valley. Stuart Smith chose specific slopes with different exposures  
for specific varieties when planting the vineyards: eastern exposure  
for Riesling, southern and western exposures across flat stretches  
for the Cabernet Sauvignon and the coolest north-facing slopes for  
the Chardonnay. There are numerous historical sights on the  
ranch, as well as the huge array of natural beauty and wildlife.

**SOIL:** The soils are mostly deep-red Aiken Stoney Clay loam, part of the  
Aiken, Kidd, Forward complex of soils which are volcanic-based,  
well-drained and deep for mountain soils. The underlying geology  
is the Franciscan Assemblage, unique to California coastal ranges,  
which includes altered mafic volcanic rocks, deep-sea radiolarian  
cherts, sandstones, limestones, serpentines, shales and high-  
pressure metamorphic rocks, all of them faulted and mixed in a

---

seemingly chaotic manner as a result of tectonic plate activity. The soils are rocky, with some rocks as large as small cars.

- FARMING:** Smith-Madrone is a pioneer of dry farming. Stu explains: <https://www.youtube.com/watch?v=b0rOI3OMRyw>
- CURRENT RELEASES:** 2016 Chardonnay (831 cases produced, \$40), 2015 Riesling (650 cases, \$32); 2014 Cabernet Sauvignon (1,925 cases, \$52); 2013 Cook's Flat Reserve (2,450 bottles, individually numbered, wrapped in proprietary tissue, in wooden cases, \$225) all wines are Spring Mountain District appellation; all wines are estate-grown and estate-bottled
- PRODUCTION:** Approximately 3,000 cases a year
- HOSPITALITY:** Tours and tastings always conducted by one of the Smith family
- THE ESTATE:** 200 acre ranch, partly planted as vineyard over a century ago; California black bears and other wildlife once thrived here; enormous 135-year-old Picholine olive trees frame a path and view overlooking Napa Valley and Bothe Napa Valley State Park
- THE NAME:** A tribute to the Smith brothers and the predominant tree on the ranch. The Madrone is an evergreen with a red-brown trunk and branches. In spring the tree bears lily-of-the-valley-like flower clusters; in fall orange-red berries appear.
- HONORS:** Stu was named one of the wine industry's most inspirational people in January 2018: <https://www.wineindustryadvisor.com/2018/01/12/pioneer-champion-hillside-grapegrowing>
