- FOUNDED:** 1971, by Stuart Smith
- MANAGEMENT:** Stuart A. Smith, Managing Partner, Enologist  
Charles F. Smith III, Winemaker  
Sam Smith, Assistant Winemaker
- MOUNTAIN  
VINEYARDS:** The vineyards sit at elevations between 1,300 and 2,000  
feet, on steep slopes which range up to 34%.
- ESTATE:** All wines made entirely from the winery's estate vineyards  
surrounding the winery on top of Spring Mountain in the  
Napa Valley. Stuart Smith chose specific slopes with different  
exposures for specific varieties when planting the vineyards:  
eastern exposure for Riesling, southern and western  
exposures across flat stretches for the Cabernet Sauvignon  
and the coolest north-facing slopes for the Chardonnay.  
There are numerous historical sights on the ranch, as well as  
the huge array of natural beauty and wildlife.
- SOIL:** The soils are mostly deep-red Aiken Stoney Clay loam, part  
of the Aiken, Kidd, Forward complex of soils which are  
volcanic-based, well-drained and deep for mountain soils.  
The underlying geology is the Franciscan Assemblage,  
unique to California coastal ranges, which includes altered  
mafic volcanic rocks, deep-sea radiolarian cherts,  
sandstones, limestones, serpentines, shales and high-  
pressure metamorphic rocks, all of them faulted and mixed  
in a seemingly chaotic manner as a result of tectonic plate  
activity. The soils are rocky, with some rocks as large as  
small cars.
- FARMING:** Smith-Madrone is a pioneer of dry farming. Stu Smith

**CURRENT RELEASES:** 2014 Chardonnay (850 cases produced, \$32), 2014 Riesling (1,551 cases, \$30); 2013 Cabernet Sauvignon (1,480 cases, \$50). All wines are Spring Mountain District appellation; all wines are estate-grown and estate-bottled

**FALL 2017 RELEASE:** 2012 Cook's Flat Reserve (less than 1,000 bottles, individually numbered, wrapped in proprietary tissue, in wooden cases, \$200)

**PRODUCTION:** Approximately 4,000 cases a year

**HOSPITALITY:** Tours and tastings always conducted by one of the Smith family

**THE ESTATE:** 200 acre ranch, partly planted as vineyard over a century ago; California black bears and other wildlife once thrived here; enormous 120-year-old Picholine olive trees frame a path and view overlooking Napa Valley and Bothe Napa Valley State Park

**THE NAME:** A tribute to the Smith brothers and the predominant tree on the ranch. The Madrone is an evergreen with a red-brown trunk and branches. In spring the tree bears lily-of-the-valley-like flower clusters; in fall orange-red berries appear.
